

PROJECTS CARRIED OUT OVER THE PAST 50 YEARS

- The supply of 30 high capacity deep well turbine pumps with angle gears to the Mechanical & Electrical Department of the Ministry of Agriculture of Egypt, for the New Valley project
- The supply of 6 high capacity deep well turbine pumps to A.D.R.A Organization in Sudan
- The supply of 6 high capacity deep well turbine pumps with angle gears to the Regie de Sondages Hydrauliques of the Ministry of Agriculture in Tunisia
- The supply of 11 submersible 6'' and 8'' pumps and motors to the Commissariat Regional pour le Development Agricole de Kairouan, in Tunisia
- The supply of 42 high capacity deep well turbine pumps with angle gears to the Mechanical & Electrical Department of the Ministry of Agriculture of Egypt
- The supply of 16 high capacity deep well turbine pumps with angle gears to the Ministry of Agriculture of Egypt, for the Assiout governorate
- The supply of 40 deep well turbine pumps and 15 submersible 6'' pumps and motors to the Ministry of Housing in Sudan
- The supply of for the second time of of 6 high capacity deep well turbine pumps with angle gears to the Regie de Sondages Hydrauliques of the Ministry of Agriculture in Tunisia
- The supply of 100 deep well turbine pumps with angle gears to the Ministry of Electricity and Water in Yemen
- The supply of 2 high capacity deep well turbine pumps for a nuclear power plant in Morocco
- The supply of 100 submersible 4'' and 6'' to the Khartoum Water Corporation in Sudan
- The supply and installation of 6 submersible 6'' pumps and motors for the irrigation of the Golf course of Aphrodite Development in Paphos, Cyprus
- The supply and installation for 4 consecutive years of 10 submersible 6'' pumps and motors to the Water Development department of Limassol, Cyprus
- The supply of 30 high capacity fully casted stainless steel submersible 6'' and 8'' pumps and motors for several fish farms in Cyprus
- The supply and installation of 2 submersible 6'' pumps and motors for the irrigation of the Elea Golf course in Paphos, Cyprus
- The supply of one high capacity surface pump for the mud plant of Nobel Energy, in Cyprus
- The supply and installation of 8 submersible 6'' pumps and motors for the Dad project in Ethiopia

- The supply and installation of 5 high pressure multistage centrifugal surface pumps for the Dad project in Ethiopia
- The supply of 10 high depth and high capacity submersible pumps and motors to the Jordan Water Authority
- The supply of several 6'' high head submersible pumps and motors in Ethiopia
- The supply for 3 consecutive years of 450 deep well turbine pumps with angle gears to the Ministry of Electricity and Water in Yemen

In addition to the above projects, more than 400,000 NEMITSAS Deep well turbine, Submersible and Surface pumps and motors were supplied until today, to our overseas Clients in:
Libya, Morocco, Algeria, Tunisia, UAE, Oman, Ethiopia, Zambia, Jordan, Egypt, Saudi Arabia, Kuwait, Nigeria, Ivory Coast, Senegal, Zimbabwe, Pakistan, Bahrain, Syria, Kenya
